ABOUT US

We have been together for eight years, and married for almost six. We were raised with the same values and Christian belief, and hope to raise our children with the same core values. We are both established in our careers, and love our jobs. Garret works for a Aggregates company where he runs a landscape center and dispatches trucks. Alicia is a Human Resource Coordinator for a large greenhouse company. Alicia has long dreamt of having children and daily looks forward to becoming a stay at home mom.

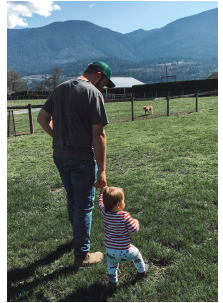

OUR LIFESTYLE

Together we enjoy spending time outdoors with our pup Glacier whether it be camping, evening walks around the neighborhood, taking road trips, biking, having campfires, quadding, spending time at the lake with family, or simply gardening at home. We love to travel and have been visiting a different country each year since we have been married. We are each others best friend, and enjoy doing everything together. We have a fun and playful relationship, and enjoy the small things in life. We live in a wonderful neighborhood that is in close proximity to schools, parks, rivers, trails, and to both of our families. We are excited to continue our adventurous lifestyle with our children, teaching them new things each day.

OUR FAMILIES

Family is very important to us. We both have large loving families that are very supportive and excited for us to grow our family through adoption. We each grew up with five siblings, who are now almost all married and have children of their own including two that were adopted. Together we have 30 nieces and nephews, with a little one on the way. We are very close with everyone in our family and have such a special bond with each of our nieces and nephews and can't wait to watch our children grow up with many cousins.

OUR HOPE AND PROMISE TO YOU

We cannot imagine how difficult a decision this must be for you, and want to thank you for taking the time to read a little about us. We have always wanted to be parents, and promise to love, nurture and guide our child so that they can have the opportunity to grow and develop into a happy, confident and caring individual. We look forward to possibly having a continued relationship with you, to the extent that you are comfortable. You will always be welcome to be part of our family.
