## OUR STORY

We were introduced at a friends wedding in August of 2011. Stephanie's shyness resulted in saying no to Josh's request to dance but that did not stop us from connecting. Shortly after being introduced we went on our first date. The sparks flew quickly and within a year and a half we were married on March 23, 2013. Over the years we have loved spending time and going on new adventures together. We balance each other out and always bring out the best in each other!

We love the time we spend together. From playing games, going on walks, exploring new places and even just getting a tea and walking around a bookstore, We love doing life together!

## About Josh

WRITTEN BY STEPHANIE

Josh is my best friend and a truly amazing husband. He is loving, loyal and funny. His calmness no matter the situation helps keep me centred. No matter how I feel he always knows how to put a smile on my face. I know beyond a doubt that his kind-hearted and fun personality will make him a great father.

Josh is a fountain of knowledge! He always amazes me with the information and facts he knows. He loves history and movies. He also loves playing and watching sports, especially hockey, football and baseball. His love of sports even flows into his work as he works for the city as a Zamboni driver at an ice rink.

## About Stephanie

WRITTEN BY JOSH

Stephanie is the most caring person I know. She is my favourite person in the whole world and I still cannot believe she is my wife! She has a giving heart and will always think of others before herself. She will make a wonderful mother as she has had lots of practice with her job as a Grade One Teacher. She is always talking about the kids in her class and thinks of them as her own. I have no doubt that she will be a fantastic mom. Steph loves the outdoors whether it be a hiking trail or hanging out by the beach. She loves the sunshine!

## A MESSAGE FOR YOU!

Thank you for taking the time to read about us! Our hearts are already bursting with love and we cannot wait to share that love with a child. We will love them unconditionally, support them wholeheartedly and guide them as they grow. They will be proud of who they are and to know that they are loved by many. We understand that having an open relationship is an important part of adoption and we excited to make that part of the plan. We are also respectful of the decision you make in regards to openness and contact. We want you to feel loved and supported as you make best decision for yourself and your child.
