

BLAIN MIRIAM & LYDIA

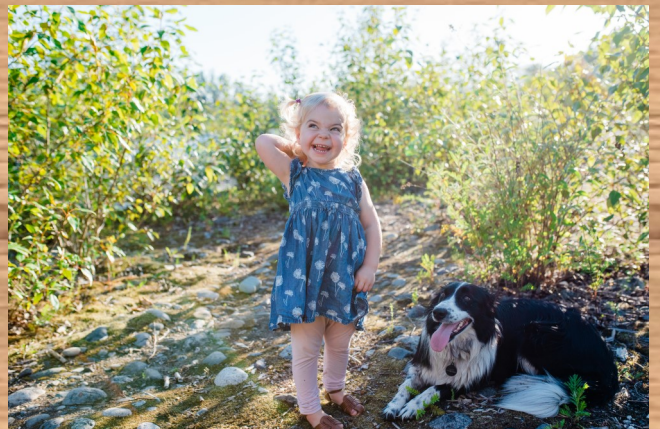

Hi!! We are Blain, Miriam and Lydia! Blain and Miriam fell in love in university over nine years ago and have now been married for over five years . Through many adventures, as well as life's ups and downs we have become stronger and more in love. We share a passion for the outdoors, camping, hiking, exploring and spending time with friends and family! We knew early on that we would never be able to carry a pregnancy but still dreamed of a big family and have always had adoption on our hearts !

BLAIN: is genuine, funny, friendly, relatable and it's easy to see he cares deeply for his loved ones! He's a Nurse turned RCMP officer who has a passion for helping others. He enjoys sports, fishing, camping and time with friends and family. He loves being a Dad and it has been a true joy to see him as a Father! He can't wait to grow our family through adoption !

MIRIAM: absolutely loves being a mom. She's also a Registered Nurse with flexible hours that allow her to spend time at home with Lydia! She is a patient, kind, warm and positive person. She's also good humoured and down to earth! She enjoys climbing mountains, spending time outside, reading, baking and exploring with Lydia. She is so excited to adopt and grow our family!

Our little LYDIA joined our family through the amazing gift of a friend who approached us to carry our baby for us! We had Lydia through surrogacy in 2016 and now she is a fun and active two year old!! She has brought so much happiness to our lives and we truly love being parents! She loves exploring, throwing rocks into rivers, spending time outside and playing with our dog Lady! She would love to be a big sister!!

We have an amazing support network of family, friends and church community. We visit regularly with our families and have many playdates and adventures with our friends and their little ones ! We count it a joy to raise our family with such support! They are all super excited to see our family continue to grow through adoption!

We are a family that loves the outdoors, our family and friends and strive to continue to explore and adventure with our little ones alongside us! Openness is important to us and we are happy to discuss whatever level of openness you would like. We have learned and know how valuable openness is for everyone involved and also understand that it is something that is likely to continue to grow and evolve over time. We would cherish the opportunity to meet you and would welcome any questions you may have!
