Jason + Matt

Hello

Welcome to our story. Thank you for getting to know us. We can't imagine how difficult this decision is for you & wish you all the best in your journey.

About us...

In 2013, separated by more than 4000 km, fate brought us together. It was love at first sight and we have never looked back. Since then we have lived together in Toronto and have moved back to our hometown of Vancouver to enjoy the West Coast in the close proximity of our families and friends.

Our hopes...

From nieces, nephews to our friend's kids, children have always been a fundamental part of our lives. We have always dreamed of being parents and having the opportunity to cherish them as they grow while encouraging our shared values of love, compassion, patience and understanding for all. We would be delighted to have you remain involved in our lives if that is what you wish, but also respect your choice if it is not, or if you change your mind about openness at any time.

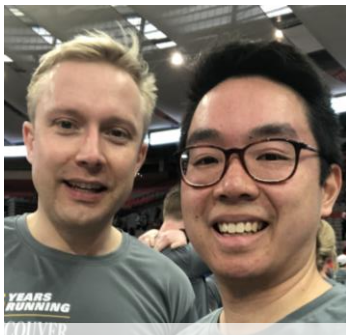

Our home...

We currently live in a large 2-bedroom condo in Metro Vancouver situated closely to our families. Our complex has an abundance of green space, a playground, a swimming pool and garden plots (one of which we maintain for our vegetables!). We are close to parks, recreation trails and good schools.

Our life together

We enjoy being active in our community, travelling, cooking, and spending time with family & friends. We have had a few great trips including exploring Newfoundland, a road trip across Canada and an adventure to Stonehenge. We're looking forward to having a little one join us on these adventures in the future, as well as enjoying good times at home too – like dressing up for Halloween, playdates with cousins, or going for a bike ride.
