

Brett & Victoria

A little about us and our story. We are Brett and Victoria and we currently live on the Coast. We met in January 2010 and quickly realized after our first conversation that we had a special connection, Brett made me laugh and I kept him on his toes, Our lives from this first day have been intertwined ever since.

If someone were to describe us they would say Victoria is someone who is hardworking, kind caring and responsible. She places her family as a high priority and believes in the importance of having a strong moral compass. Brett is someone who is a solid hardworking, kind, caring and responsible individual who holds the values of integrity, honesty and hard work in high regard.

We have a strong and solid relationship that is built on love, trust, friendship and respect for each other and for our opinions. This allows us to practice flexibility and compromise when making decisions together as a family unit. We believe communication is key and our family dynamic shows how safe, supportive, loving and accepting we are of each other.

Our Family

Today, our immediate family currently consists of the two of us and Taz, a gentle Siamese cat who adopted Brett as his person the day they met. You can always find them hanging out together.

Our families foundation

We both come from big families with lots of nieces and nephews. Our families are very important to us. Christmas, birthdays or just a family barbecue keeps everyone connected and updated on what is happening.

We dream of the day we can bring a child into our life to share our experiences, provide them with an opportunity to develop their own interests and activities. We are an active family that spends time in the outdoors but we still value quiet time reading or watching TV, chatting with each other to see how our day went and planning out our next adventure.

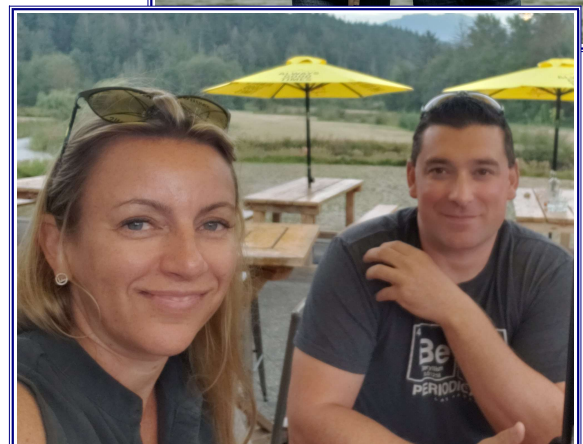

We both grew up in loving homes and want to provide the same for a child that we will be lucky enough to bring into ours. We want to provide every advantage for them to develop and grow in to an independent, confident and successful person in their own way.

Openness

Understanding where the child comes from is something we want to support and nurture. We would like to have an open adoption. It is important to us to understand what this means to you and how we can work together to support this.

Our wish

Our wish is to expand our family. This is a lifelong commitment for all and we hope from the bottom of our heart that you put your trust in us to raise your child by birth as our own in a way that allows them every opportunity in life and love. Thank you for taking the time to learn a little more about us. We are looking forward to meeting you and the little one.

A stop for lunch during a new adventure
